address : Sechery 137 - REDU

2026

20 rooms with 20 bathrooms for 40 to 60 people

Bookings:

1. Tel. or email us your booking period, we will immediately inform you by confirmation whether or not the period is available. The website is up to date within a day
2. The advance payment upon booking is 30% of your rental price on account no. 737-0062807-91 in the name of SITUS
   (BIC code KREDBEBB, IBAN code: BE23 7370 0628 0791), stating your name + booking period.
3. Pay the balance before moving in at the latest one month before moving in.
4. An option is given for one week.
5. Last-minute bookings have a significant discount, (i.e. a booking less than one month before move-in)
6. Bookings in January and February have a low-season price (with the exception of school holidays.)
7. Discounts: Payment of the total rental amount when booking results in a 5% discount on the rental amount.
8, Booking includes compliance with the house rules.
9. Recently, holiday homes were also brought under the VAT system and 12 % VAT is therefore due.
10, Other costs: Deposit €1000, Cleaning €400 + 21% VAT = €484, Consumption according to meter readings.

Super insulating glazing double and laminated K = 0.9

COST

Consumption & Costs: (low consumption guaranteed, certified low-energy home: all exterior walls super insulated on the inside, roof insulation value equal to 30 cm rock wool!, underfloor heating, economical new installation, glass with K value = 0.9, i.e. double that of normal double glazing! Without exception, LED lighting everywhere)

DEPOSIT Will be deposited into a separate security account **1 000 €**

The deposit will be refunded no later than two weeks after deducting consumption

1. Electricity:

Counter position upon arrival: .....

Counter position at departure: .....

Consumption .... KW/h

Cost price: x 0.56 Euro per KW/h= ..... €

2. Water:

Counter position upon arrival: .....

Counter position at departure: .....

Consumption m3

Cost price: x 7.5 Euro/m3 (1000 Litre) = ... €

3. Oil salt:

Counter position upon arrival: .....

Counter position at departure: .....

Heating consumption + hot water production: .....

The boiler burns only sporadically, even in winter

thanks to the exceptionally high insulation value

Counter only counts burning hours: per 0.01 = 0.22 liters,

per 0.1 = 2.2 liters, per 1 unit = 22 liters.

Per full hour of burning the boiler = 22 liters of oil)

Cost price: number of units x 1.25 (*) Euro/liter = ... €

(*) any changed price in line with the market

		net price	21% VAT	totale
4. Clean up	1700 m2	400 €	84 €	**484 €**
